Agenda

1. Introductions
2. Overall Reporting Requirements
3. Interim Report
4. Project & Expenditure Report Details

ARPA Background

- On March 11, 2021, President Joe Biden signed into law the \$1.9 trillion American Rescue Plan Act (ARPA) package
- The ARPA package includes **\$362 billion** in direct federal fiscal recovery aid for state and local governments through the **State & Local Fiscal Recovery Fund (SLFRF)**
- Outside of the SLFRF, ARPA also provides billions to education, public health, housing, small business, infrastructure, and food assistance (*graphic is not an exhaustive list of programs*)
 - Local governments may be able to apply for grants to access other ARPA-funded programs

SLFRF Overview – Eligible Uses

Support Public Health Response

- › **COVID-19 Mitigation & Containment:** vaccination programs, ventilation improvements in congregate or health care settings, contract tracing
- › **Medical Expenses:** care and services to address near-and longer-term needs
- › **Behavioral Healthcare:** mental health treatment, crisis intervention, substance misuse treatment
- › **Public Health & Safety Staff:** payroll & benefits

Replace Public Sector Revenue Loss

Use funds to provide government services to the extent of the reduction in revenue experienced due to the pandemic

- › Lost revenues may be used to **support general government services and infrastructure**

Address Negative Economic Impacts

- › **Workers & Families:** assistance to unemployed workers, job training, food, housing, survivor's benefits
- › **Small Business:** loans, grants, in-kind and technical assistance
- › **Public Sector:** rehire staff, replenish state unemployment insurance, economic relief programs
- › **Impacted Industries:** tourism, travel and hospitality, and other affected sectors

Water and Sewer Infrastructure

Make necessary investment to improve access to clean drinking water and invest in wastewater and stormwater infrastructure

- Eligible uses aligned to EPA project categories in:
- › Clean Water State Revolving Fund (CWSRF)
 - › Drinking Water State Revolving Fund (DWSRF)

Premium Pay for Essential Workers

Provide premium pay to eligible workers performing essential work or to provide grants to third party employers with eligible workers

- › **Essential Employees:** janitors/sanitation, public health, social service & safety, childcare & educators, nursing home/hospital staff, government
- › **Essential Work:** involving regular in-person interactions
- › **Other Provisions:** including retroactive premium pay

Broadband Infrastructure

Make necessary investment to provide unserved or underserved locations with new or expanded broadband access

- › Fund projects that deliver reliable services – **minimum 100 Mbps download/upload speed**

SLFRF Overview – Ineligible Uses

Deposits to ‘rainy day’ funds or financial reserves

Contributions to rainy day funds and similar financial reserves would not meet pandemic response needs but would rather constitute savings for future spending needs

Legal settlements or judgements

Funds cannot be used on legal settlements or judgements except to the extent the judgment or settlement requires the provision of services that would respond to the public health emergency

Deposits into defined benefit pension funds

Funds cannot be used for deposits into defined benefit pension funds; however, funds may be used for routine payroll contributions to pensions of employees whose wages are an eligible use

General infrastructure spending

General infrastructure spending is not covered as an eligible use of funds outside of water, sewer, and broadband investments or above the amount allocated under the revenue loss provision

Debt service

Funds cannot be used to pay debt service for any obligation incurred prior to March 3, 2021

Non-Federal match for Federal programs

May not be used as non-Federal match for other programs whose statute or regulation bar the use of Federal funds to meet matching requirements

Reporting Requirements

Reporting Roles

SLFRF recipients are required to designate individual(s) for 3 roles to manage reporting prior to accessing Treasury's Portal. The required roles are:

1. Account Administrator:

- Maintains the names and contact information of the designated individuals for SLFRF reporting and is responsible for making any changes or updates to the user roles as needed over the award period
- Responsible for determining designees for the roles of Point of Contact for Reporting, and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal

2. Point of Contact for Reporting:

- Primary contact for receiving official Treasury notifications about reporting on the SLFRF award, including alerts about upcoming reporting, requirements, and deadlines
- Responsible for completing all SLFRF reports

3. Authorized Representative for Reporting

- Responsible for certifying and submitting official reports as Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting
- Responsible for communications with Treasury on such matters as extension requests and amendments of previously submitted reports

Reporting Overview

Counties, metro cities, and municipalities may be required to submit up to 3 separate report types

1

Interim Report

- First Report Due: **August 31, 2021**
- Reporting Frequency: **One-time**
- 1st Period Covered: March 3 – July 31, 2021
- Provides initial overview of status and uses of funding
- Expenditures and obligations by Expenditure Category at the summary level, *not project level*

2

Recovery Plan Performance Report (“Recovery Plan”)

- First Report Due: **August 31, 2021**
- Reporting Frequency: **Annually**
- 1st Period Covered: March 3 – July 31, 2021
- **RPPs will cover a 12-month period (July – June).** The County will be required to submit the report to Treasury and post the report on its public-facing website within 30 days after each 12-month period
- Key performance indicators identified by the recipient and some mandatory indicators identified by Treasury

3

Project & Expenditure Report

- First Report Due: **October 31, 2021**
- Reporting Frequency: **Annually (NEUs); Quarterly (Metro Cities)**
- 1st Period Covered: March 3 – September 30, 2021
- Subsequent reports **due within 30 days** after the end of each calendar quarter
- Report on projects funded, expenditures, contracts, and subawards over \$50,000
- Same general data as the reports submitted for CRF, with some modifications to classifications and additions of data elements related to eligible uses

Required Reporting

All Cook County municipalities fall into 3 recipient categories and are required to submit the following reports:

Reporting Concepts

Reporting is required at the Expenditure Category and/or Project Level, depending on the report

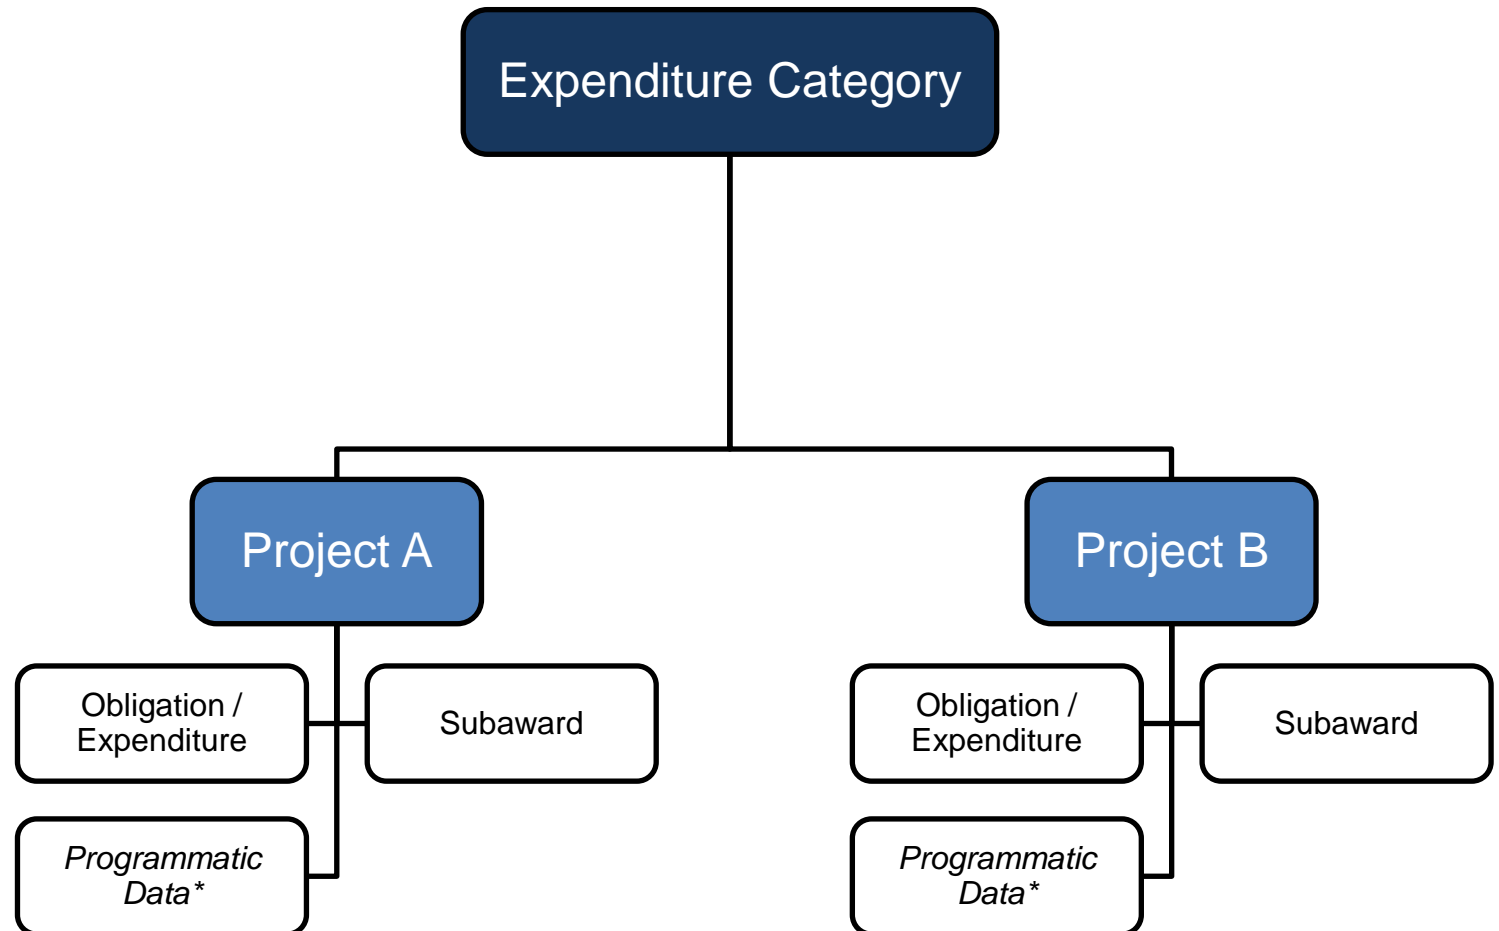

Expenditure Category

- Federal coding system to track how funding is used and identify where additional programmatic data is required
- 66 total categories within 7 broader categories

Project Level

- There can be multiple projects within an Expenditure Category
- Each project may only be aligned to a single Expenditure Category
- Projects should be defined to include only closely related activities directed toward a common purpose

Classification of Funds

*Treasury will collect some programmatic data at both the expenditure category level and the project level

Expenditure Categories (EC)

There are 66 Expenditure Categories (EC) within 7 broad categories

****26 categories** require recipients to report on whether projects are primarily servicing **disadvantaged communities** in the quarterly **Project & Expenditure Report**

Reporting Tips

Some tips to ensure that you meet the reporting requirements:

1. Develop and implement internal controls to ensure that funding decisions constitute eligible uses of funds and document determinations.
2. Develop an approach to track expenditure activity. Questions to consider:
 - How are expenditures tracked by category and by project? What system is used?
 - How are direct costs (*ex: contract support, materials, and supplies for a project*) **and** indirect costs (*ex: overhead, facilities, or administrative functional costs*) tracked?
 - Are reports easily run for projects or subawards which provides necessary reporting details?
 - How are required performance reporting metrics captured?
3. Determine a subrecipient monitoring process.
 1. Federal funding guidelines require management and monitoring of subrecipients to ensure compliance.
4. Maintain all financial records.
 - Financial records and supporting documents related to the award must be retained for 5 years after all funds have been expended or returned to Treasury, whichever is later

Internal Controls

Internal Controls Best Practices from the U.S. Treasury:

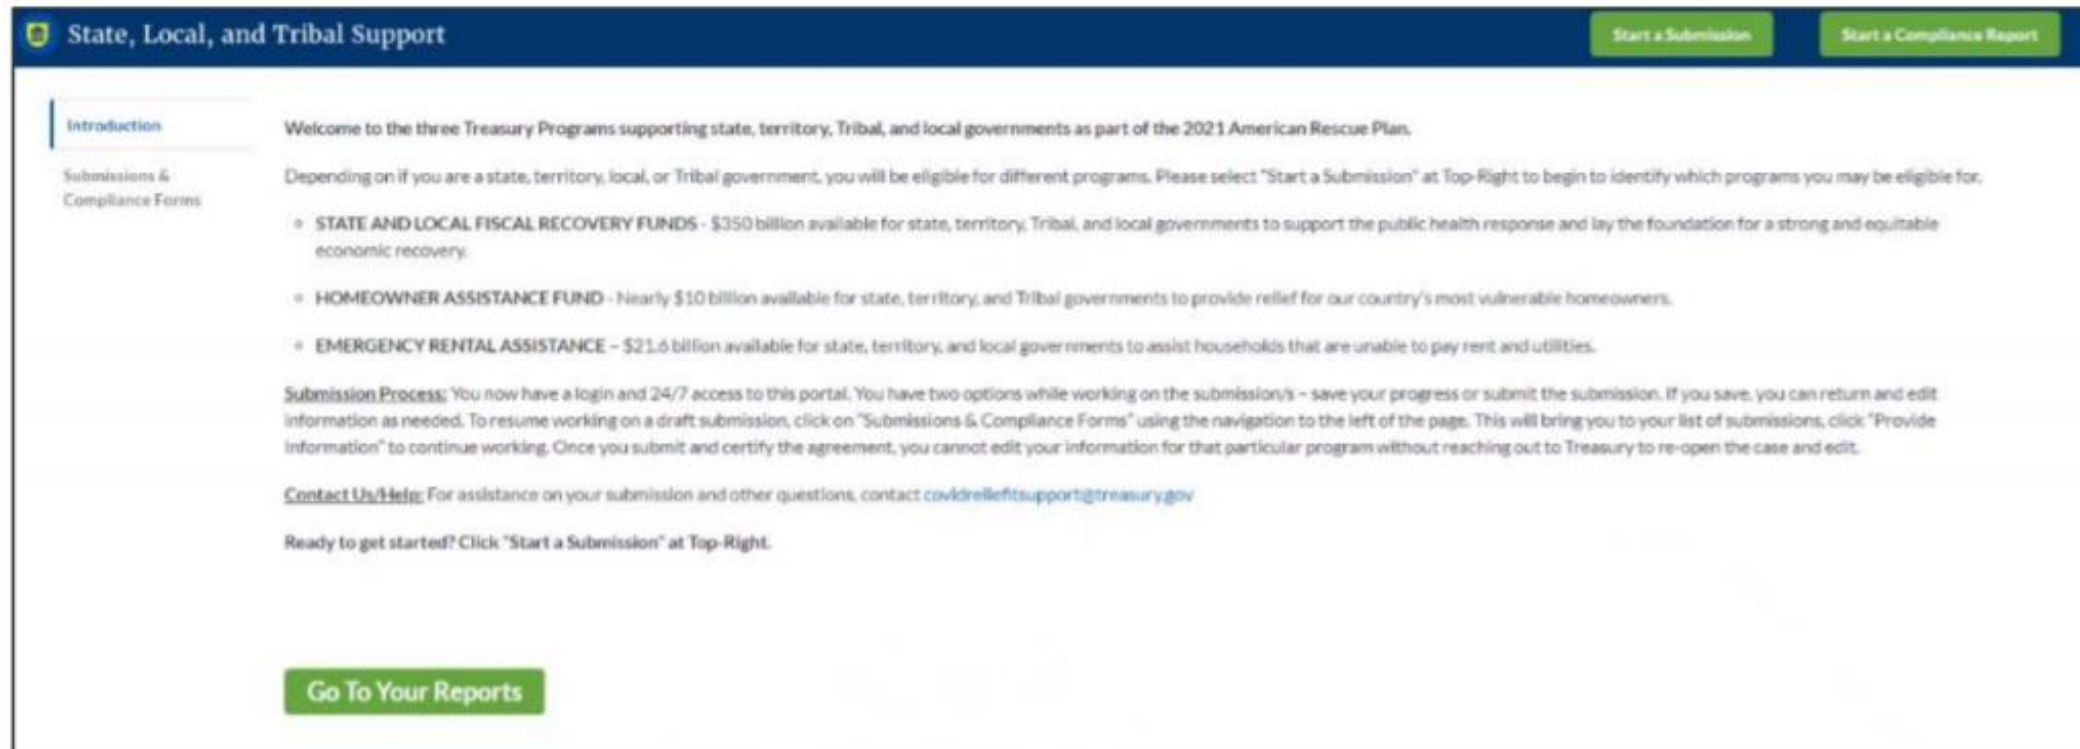

Best Practice	Description	Example
1. Written policies and procedures	Formal documentation of recipient policies and procedures	Documented procedure for determining worker eligibility for premium pay
2. Written standards of conduct	Formal statement of mission, values, principles, and professional standards	Documented code of conduct / ethics for subcontractors
3. Risk-based due diligence	Pre-payment validations conducted according to an assessed level of risk	Enhanced eligibility review of subrecipient with imperfect performance history
4. Risk-based compliance monitoring	Ongoing validations conducted according to an assessed level of risk	Higher degree of monitoring for projects that have a higher risk of fraud, given program characteristics
5. Record maintenance and retention	Creation and storage of financial and non-financial records	Storage of all subrecipient payment information

Interim Report

Interim Report – Overview

- U.S. Treasury released the [recipient reporting User Guide](#) on August 9th, 2021
- The User Guide is a supplement to the [Compliance and Reporting Guidance](#)
- The User Guide contains detailed instructions for navigating the Treasury’s portal to submit the Interim Report
- The following slides provide an overview of the User Guide for the Interim Report

Portal Landing Page

The screenshot shows the 'State, Local, and Tribal Support' portal landing page. At the top, there is a dark blue header with the title 'State, Local, and Tribal Support' on the left and two green buttons: 'Start a Submission' and 'Start a Compliance Report' on the right. Below the header, there is a navigation menu on the left with 'Introduction' selected and 'Submissions & Compliance Forms' below it. The main content area contains a welcome message, a list of three programs (STATE AND LOCAL FISCAL RECOVERY FUNDS, HOMEOWNER ASSISTANCE FUND, and EMERGENCY RENTAL ASSISTANCE), a 'Submission Process' section, a 'Contact Us/Help' section, and a 'Ready to get started?' prompt. At the bottom, there is a green button labeled 'Go To Your Reports'.

State, Local, and Tribal Support [Start a Submission](#) [Start a Compliance Report](#)

Introduction

Welcome to the three Treasury Programs supporting state, territory, Tribal, and local governments as part of the 2021 American Rescue Plan.

Submissions & Compliance Forms

Depending on if you are a state, territory, local, or Tribal government, you will be eligible for different programs. Please select "Start a Submission" at Top-Right to begin to identify which programs you may be eligible for.

- **STATE AND LOCAL FISCAL RECOVERY FUNDS** - \$350 billion available for state, territory, Tribal, and local governments to support the public health response and lay the foundation for a strong and equitable economic recovery.
- **HOMEOWNER ASSISTANCE FUND** - Nearly \$10 billion available for state, territory, and Tribal governments to provide relief for our country's most vulnerable homeowners.
- **EMERGENCY RENTAL ASSISTANCE** - \$21.6 billion available for state, territory, and local governments to assist households that are unable to pay rent and utilities.

Submission Process: You now have a login and 24/7 access to this portal. You have two options while working on the submission/s - save your progress or submit the submission. If you save, you can return and edit information as needed. To resume working on a draft submission, click on "Submissions & Compliance Forms" using the navigation to the left of the page. This will bring you to your list of submissions, click "Provide Information" to continue working. Once you submit and certify the agreement, you cannot edit your information for that particular program without reaching out to Treasury to re-open the case and edit.

Contact Us/Help: For assistance on your submission and other questions, contact covidrelieftsupport@treasury.gov

Ready to get started? Click "Start a Submission" at Top-Right.

- Users who are not designated as an ARR will not be presented with these screens

Certification

I certify that the information provided is accurate and complete after reasonable inquiry of people, systems, and other information available to the SLFRF recipient. The undersigned acknowledges that any materially false, fictitious, fraudulent statement, or representation (or concealment or omission of a material fact) in this submission may be the subject of criminal prosecution under the False Statements Accountability Act of 1996, as amended, 18 USC 1001, and also may subject me and the SLFRF Recipient to civil penalties, damages, and administrative remedies for false claims or otherwise (including under 31 USC 3729 et seq.) The undersigned is an authorized representative of the SLFRF Recipient with authority to make the above certifications and representations on behalf of the SLFRF Recipient.

By signing this report, the Authorized Representative for Reporting acknowledges in accordance with 31 CFR 35.4(c) that recipients shall provide to the Secretary periodic reports providing detailed accounting of the uses of funds, as applicable, all modifications to a State's or Territory's tax revenue sources, and such other information as the Secretary may require for the administration of this program. In addition to regular reporting requirements, the Secretary may request other additional information as may be necessary or appropriate, including as may be necessary to prevent evasions of the requirements of this program. False statements or claims made to the Secretary may result in criminal, civil, or administrative sanctions, including fines, imprisonment, civil damages and penalties, debarment from participating in Federal awards or contracts, and/or any other remedy available by law.

Interim Report – FAQs

1. Question: We are an NEU – do we need to submit an Interim Report?

Answer: No. Only states, metro cities, and counties are required to submit an Interim Report

2. Question: We have not spent any ARPA funds between March 3 and July 31, 2021. Are we still required to submit an Interim Report?

Answer: Yes, you will still need to submit an Interim Report, which will show \$0 funds spent for each Expenditure Category

Project & Expenditure Report

Project & Expenditure Report

Section # 4: Project Demographic Distribution

Purple areas represent a QCT

HUD defines as a QCT as having “50% of households with incomes below 60 percent of the Area Median Gross Income (AMGI) or have a poverty rate of 25% or more”

Recipients must report whether certain types of projects are targeted to economically disadvantaged communities, as defined by HUD’s Qualified Census Tract. The funds for a project count as being targeted towards economically disadvantaged communities if the project funds are spent on:

- A program or service is provided at a physical location in a Qualified Census Tract (for multi-site projects, if a majority of sites are within Qualified Census Tracts)
- A program or service where the primary intended beneficiaries live within a Qualified Census Tract
- A program or service for which the eligibility criteria are such that the primary intended beneficiaries earn less than 60% of the median income for the relevant jurisdiction (e.g., State, county, metropolitan area, or other jurisdiction)
- A program or service for which the eligibility criteria are such that over 25% of intended beneficiaries are below the federal poverty line.

Recipients do not need to track information on each individual beneficiary

Section # 8: Required Programmatic Data for Infrastructure Projects

For all projects listed under the Water, Sewer, and Broadband Expenditure Categories, more detailed project-level information is required. Each project will be required to report expenditure data and the following information:

1

All infrastructure project must report:

- Projected/actual construction start date (month/year)
- Projected/actual initiation of operations date (month/year)
- Location (for broadband, geospatial location data)
- For projects over \$10 million:
 - # of employees of contractors and sub-contractors
 - # of employees on the project hired directly and hired through a third party
 - Wages and benefits of workers by classification

2

For all Water and Sewer projects:

- National Pollutant Discharge Elimination System (NPDES) Permit Number (if applicable; for projects aligned with the Clean Water State Revolving Fund)
- Public Water System (PWS) ID number (if applicable; for projects aligned with the Drinking Water State Revolving Fund)

3

For all Broadband projects:

- Speeds/pricing tiers to be offered, including the speed/pricing of its affordability offering
- Technology to be deployed
- Miles of fiber
- Cost per mile
- Cost per passing
- # of households projected to have increased access to broadband meeting the minimum speed standards in areas that previously lacked access to service of at least 25 Mbps download and 3 Mbps upload
- # of institutions and businesses projected to have increased access to broadband meeting the minimum speed standards in areas that previously lacked access to service of at least 25 Mbps download and 3 Mbps upload
